

At Alight, we believe that people are the single most important part of an organization — and that there is **a synergistic relationship between work and life.**

We serve as a trusted human capital and business partner for organizations that are ready to lead, connecting insights across people, work and life so your entire business can transform from what's now to what's next.

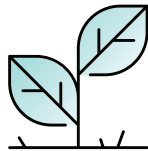

No matter the size of your workforce or where you are in your transformation journey, we're actively reimagining how people and organizations thrive — together.

Uniquely positioned to be your preeminent employee engagement partner
